Easy to Use

Powerful and Accurate

Economic Solution

# WORK FLOW OF CAST-DESIGN LT

## (Gravity Casting)

### Support all Components of Casting Process

### Rich Simulation Result

### Fully Automatic Mesh Generation

- FEM base mesh for complex geometry
- Automatic geometry repair
- Hexahedron mesh
- Fully automatic mesh generation

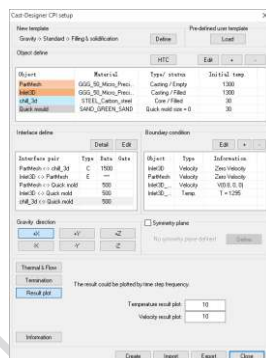

### Shrinkage Porosity (Simulation VS Actual Part)

### Powerful Setup

- One windows page for all setup
- Pre-defined template for casting process
- Rich material database
- Build in wizard

### Time Frame

### About Us

With the combination of software development, advanced analysis, extensive product development experience and cost effective local human resources, C3P Engineering Software International Co., Limited provide industry and manufacturing business with comprehensive solutions and engineering services on a global basis to meet their expectation in high quality, on-schedule delivery within cost target. Our business scope covers software development, professional engineering service and application software integration.
